Camp Potlatch 2017 Acknowledgement of Risks and Consent Form

----- Please read and sign the bottom of this form -----

Description of Activities and Inherent Risks

Boys and Girls Clubs of South Coast BC ("BGC") is committed to operating Camp Potlatch in as safe a manner as possible. The following is to inform you of the potential risks of wilderness and camp environments and activities.

Campers travel to and from Camp Potlatch by boat. Activities at Camp include hiking, boating, kayaking, canoeing, swimming, rock climbing, archery, challenge courses (low ropes course), and overnight camping in developed and undeveloped campsites. Campers may also participate in a number of other activities such as fishing, crafts, orienteering, outdoor games, and ecological studies. All activities take place at Camp and/or in ocean and wilderness areas.

Each of the Camp activities, as well as transportation during the program, carries inherent risks. These inherent risks are some of the same elements that contribute to the unique character of Camp, but can be the cause of harm to the camper. These risks include, but are not limited to, fallen trees; rocks; slippery surfaces; rock falls; exposed and unexposed hazards; sport accidents; overturned boats; variable ocean, river, and lake conditions; forest fires; flooding; bears, cougars, and other animals; bats; rodents; bees, wasps, and other insects.

Incident weather is to be expected including, but not limited to, heat, cold, wind, rain, storms, and ultraviolet sun rays. Sudden, unexpected changes are part of the wilderness experience. Campers must have adequate protection, equipment, and clothing to minimize the risk of injury and/or illness from exposure to these elements.

In addition to the hazards and risks described above, the hazards and risks of the activities may also include, but are not limited to, the following: acts of other participants (including from the failure of other campers to follow instructions or obey safety instructions), manufacturers' defects or malfunctions in equipment, consumption of food and drink, first aid, emergency treatment, or other services provided.

In an effort to make activities as safe as possible, it is vital that campers follow all instructions concerning the safety precautions and instructions for all activities. Additional risks may develop if campers do not carefully follow Camp rules.

The inherent risks may lead to injury, or illness that include, but are not limited to, minor injuries (bites, scratches, cuts/wounds), illnesses (respiratory, stomach), bodily injury (arms, legs, and torso), head or back injury, and accidental death.

Camp Rules

I have explained to the camper that there are Camp rules that must be followed and they must use their best efforts to participate and play safely, fairly, responsibly, and with respect for the rights and property of other campers and leaders at Camp Potlatch. I have informed the camper that a breach of the rules may result in remedial action including limits on participation in program activities or being sent home.

Consent / Acknowledgement of Risks

I understand that it is my responsibility to ensure that I consider and understand the risks, dangers, hazards, and potential harm inherent in the Camp activities. I have read the Description of Activities and Inherent Risks and give my permission for the camper listed below to engage in the activities at Camp Potlatch. I accept that there are inherent risks involved in these wilderness and Camp activities and agree to accept those risks. I have sought explanations from BGC of any risks I do not understand. I have explained the risks to the camper and have ensured that they understand them.

I, _____, being the parent/guardian or person having care and custody of
(print name of parent/guardian)

_____, am aware of the risks associated with the programs and activities
(print name of camper)

offered by Camp Potlatch as described above and do hereby give consent and agree to the terms above.

(Signature of parent/guardian)
