FORESTRY FISHES FOR KIDS

A CHARITY FISHING TOURNAMENT HOSTED BY WESTCOAST RESORTS
SUPPORTING BOYS AND GIRLS CLUBS OF SOUTH COAST BC

AUGUST 17-20, 2014

FOUNDING PARTNERS

COAST FOREST PRODUCTS

Coast Forest Products Association represents a modern industry made up of forestry companies that produce logs, lumber and pulp and paper. Coast Forest member companies are known for their world-leading stewardship practices and focus on sustainability. They represent an innovative, high-tech industry that is creating a growing array of forest and wood products for expanding overseas and domestic markets.

WESTCOAST RESORTS

Westcoast Resorts is dedicated to providing guests the opportunity to safely fish the most exclusive and productive areas BC has to offer. Anglers enjoy first-class lodge accommodations and enjoy the best service possible. Our management practices are respectful of local culture, while maintaining strong relationships with First Nations coastal communities and minimizing impacts on the environment.

BOYS & GIRLS CLUBS OF SOUTH COAST BC

At Boys and Girls Clubs (BGC), we believe that every kid is amazing. And we know that by seeing and hearing them, they'll believe it, too! That's why, for over 75 years, BGC has been giving children and youth something they deserve: a place to belong when they aren't at home or at school. Annually, we serve 12,000 children, youth, and families... and no one is ever turned away due to an inability to pay. No one. Over the summer months, more than 1,000 children and youth attend BGC's Camp Potlatch, where they experience that same sense of belonging in the beautiful west coast wilderness. Camp Potlatch is more than just a trip to camp - it is a place where kids learn about themselves, building healthy relationships with others, being part of a community and just as importantly, learn about our forests, ecology and the world around us.

OPPORTUNITIES TO PARTICIPATE

TOURNAMENT SPONSORS \$7,500

- One entry into the fishing tournament
- Half day of fishing with Minister Steve Thomson in a fully guided Seawest Boat (limited spaces available - first come, first served)

- Note: a limited number of triple rooms are available at a reduced cost of \$14,000 (for 3 participants).

IN KIND SPONSORS

- Please contact us if interested in an in-kind sponsorship opportunity

*HONOURARY CHAIR
MINISTER STEVE
THOMSON*

Minister Thomson is excited to return as Honourary Chair of the 2nd Annual tournament. As a key influencer in matters related to forestry, lands and the resource sector, and a dedicated supporter of Boys and Girls Clubs, his presence adds a unique return on investment for all participants.

Why did we choose BGC? Kids and families in the rural communities where forestry takes place already understand our industry. Funds from this event will be used annually to educate 1,000 urban kids, their families and the young staff of BGC about the role of forests and the forest industry, giving them a sense of connection to the natural world outside of the city and an understanding of the things forests provide them.

*Rick Jeffery, President & CEO
Coast Forest Products Association*
