# 2023-2024 ANNUAL REPORT

This year, we are reflecting on, and celebrating AAAALL of the amazing things that happen in our Clubs for each and every one of our kids and youth. We are celebrating that not only are kids spending MORE time at our Clubs each day, but they're also coming MORE often, and staying LONGER through their childhoods and high school. And that's something to feel good about!

When kids come to Club, what they are really doing is working towards four vital outcomes that will launch them into a happy, healthy adulthood. They are developing the skills they need to have healthy relationships, becoming leaders in and out of Club, learning about healthy behaviours so they can make better choices for themselves, and gaining an excitement for lifelong learning. Simply put, when they spend MORE time at their Club – BGC's impact on their lives is GREATER.

The best part of BGC was that I never outgrew it, as it always kept pace with me as I changed and adapted. What had started as an after school program for play and socialization, shifted into a space in which I could seek assistance with homework; a safe space in which I was able to talk about my issues and dilemmas.
